Research Interests

Clinical neuropsychology, assessment, psychometrics, memory, attention, executive function, frontal lobe phenomenon, intervention evaluation, functional and anatomical imaging, and clinical research methodology.

Grants/Awards

Medtronic Inc: A Randomised double-blind crossover pilot study to evaluate the functional outcome following deep brain stimulation of the subthalamic region versus the Centromedian/Parafascicular nucleus of the thalamas in Parkinson's disease. SS Gill. P Plaha. M Bunnage. 2004-2005. £110,000

AMGEN funded PhD studies, £5,000, years 2004/2005.

Leverhulme Study Abroad Scholar, approx £50,000 years 2000 and 2001.

Best Poster: European Epilepsy Congress, year 2000.

Teaching/Training

May 2010 – Clinical Director of the University of Bristol's Diploma in Clinical Neuropsychology. National training course for Clinical Psychologist wishing to specialise in Clinical Neuropsychology.

Jan 2003 – Current: Honorary Senior Lecturer in Clinical Neuropsychology, Department of Experimental Psychology, University of Bristol.

Jan 2003 – Current: Postgraduate research project supervisor in Clinical Neuropsychology, University of Bristol

June 2005 – Current: Trainee Clinical Psychologist placement supervisor in Clinical Neuropsychology.

Jan 2004 – Current: Trainee Clinical Psychologist research project supervisor in Clinical Neuropsychology.

November 2005 – Current: Visiting lecturer in Clinical Neuropsychology on local Doctorate in Clinical Psychology Training Courses.
